OUR DESIGN.—The great design of the School is the training of consecrated men and women for Christian service at home and abroad.

CONTRIBUTIONS.—Any friends desiring to have fellowship in the work may send their contributions to the Treasurer, J. N. Shenstone, Esq., 16 Walmer Road, Toronto, or to any officer of the School.

A Year of Prosperity.

The Toronto Bible Training School has been favored with another year of prosperity. The reports published in the following pages show that the divine blessing has been enjoyed in every department of the work. We trust that our friends will carefully read these reports so that they may join with us in saying, "What hath God wrought!" The outlook is as hopeful as ever it was: indeed it is bright with the promises of God. He who has never failed us in the past will not forsake us in the days to come. We still ask the prayers and sympathies of all Christian friends.

The names of other friends in important centres are yet to be added to the General Council.

Eighth Annual Meeting.

The Eighth Session of the Toronto Bible Training School closed with appropriate exercises on Friday, April 25th. In the afternoon of that day the Board of Incorporation and the General Council met together in their annual assembly, when the reports for the year were presented, and all the work of the session received careful consideration. There was a good attendance of members, and much interest was manifested in the progress which the School continues to make.

At the evening meeting held in the Assembly Hall, notwithstanding the heavy rain, there was a large gathering of friends of the School interested in the graduating exercises. The devotional service was conducted by Rev. F. E. Howitt, of Hamilton, and Rev. Dr. Chown of this city. President Harris gave a full statement of the work of the session, and outlined the prospects of the School for the future, commending it to the continued prayers and liberality of its friends. Appropriate addresses were given by four of the students, representing the Day and Evening Classes. Miss A. E. Cullen spoke on "Rhine Memories," sketching the work of the Reformers; Mr. E. Halliwell on "Kings in Battle," setting forth the Christian warfare; Miss H. S. Massey on "One in Christ," showing the distinction and blessedness of believers; and Mr. George A. Paull on "Gifts for Service," enumerating special qualifications required in those who work for Christ. Diplomas were then presented by the President to the following nine students, who have completed the course of study in the Day Classes, and passed satisfactory examinations thereon:—Misses H. S. Massey, E. Metcalfe, L. Tilley, M. West; also Messrs. John Brown, G. Constable, A. T. Finlayson, E. Halliwell and G. A. Paull. The Principal, Dr. Stewart, gave some parting words of counsel to the graduates, in which he reminded them of their privilege and responsibility in going forth to serve their Saviour and their fellow men. The closing address was delivered by Rev. A. B. Winchester, of Knox Church, who spoke very earnestly and effectively on the Lord's direction to His wards, "Occupy till I come."

Report of the Principal.

At the close of the eighth session of the Toronto Bible Training School, it again becomes our duty to remember all the way by which the Lord our God has been leading us in this very important service, and to record with gratitude that the work of the Institution continues to be greatly blessed. The year has been especially noteworthy from two important facts. First, no fewer than twelve of our students,—a larger number than during any previous year,—have gone forth to bear the glad tidings to the regions beyond. Secondly, a very useful course of elementary medical studies has been conducted during the session, which cannot fail to be of value to our students, especially to those who are looking forward to service on the foreign field.

ENROLMENT.

The number of students enrolled in the Day Classes has been sixty-three, of whom twenty-six are young men and thirty-seven are young women. This is nearly the same as last year's enrolment. In the Evening Classes the number has been 179, of whom sixty-two are young men, and 117 are young women. The total number of students has thus been over 240, and in addition to these there have been several visitors, whose names have not been enrolled, but who have attended some of the courses of lectures.

THE DAY CLASSES.

In the Day Classes the regular instructors have again been Dr. Harris, Mr. MacWilliam, and myself. Dr. Harris has given courses of lectures on Tuesday and Thursday of each week, his subjects being the Epistle to the Ephesians and portions of the Pentateuch. My own subjects have been the following:—New Testament Introduction and Outlines, including a general survey and summary of the purposes and contents of each book; Bible Doctrines with the Word of God as our one text-book; Exposition of the Messianic passages of the Old Testament; and Preparation of Gospel addresses. In addition to these regular lines of study I gave a few practical lectures on "How to use the Word of God in dealing with different classes of men."

Mr. MacWilliam gave instruction in the Evidences of Religion, in the Gospels, and in the Preparation of Bible Readings. He reports that the class in Evidences "was very attentive and interested in the work and passed remarkably good examinations" on the whole; that the class in the Gospels showed better results than he had ever received before from any class on the subject; and that in the class of young women in the Preparation of Bible Readings there was frequently a manifestation, not only of interest in the subject but of devout spiritual feeling. Mr. MacWilliam had also as usual a small class in the Greek New Testament. All the instructors report that the diligence and fidelity of the students have been most gratifying.

VISITING LECTURERS.

During the first half of the session, the visiting lecturer was Rev. T. B. Hyde, of this city, who gave a valuable course of instruction on "The Person and Work of the Holy Spirit." This last term, Rev. A. B. Winchester, pastor of Knox Church in this city, gave a suggestive and much appreciated series of lectures on "The Acts of the Apostles." Both of these brethren have put the School under great obligation by their able and helpful services, which have been freely and cheerfully given. Other visitors have been welcomed from time to time during the session. The three representatives of the Keswick movement in England, Messrs. Webster, Brash and Moffatt, gave addresses on the deepening of spiritual life; Miss MacCall and Miss Palmer, from New York, prominently connected with the work of the Y. W. C. A., spoke on the equipment needed for Christian service; Mr. and Mrs. Montague Beauchamp, of the China Inland Mission, told of trials and triumphs for Christ's sake in that vast and needy land; Rev. Dr. Moffat, Secretary of the Upper Canada Tract Society, told of openings for usefulness to our students in colportage work; and Rev. Thomas Bone, of the Welland Canal Mission, gave a racy and practical talk on zeal and tact in winning men to Christ. All these addresses were of much value to our students.

THE EVENING CLASSES.

The regular Evening Classes have been held on Tuesday and Thursday of each week as in previous sessions. Dr. Harris has lectured on the same subjects as to the Day Classes; Mr. MacWilliam has given instruction on Christian Evidences, and the writer on Bible Doctrines. There have been some special classes on Monday and Friday evenings. Mr. MacWilliam had a class in the Preparation of Gospel Addresses for part of the session, and my own Friday evening class for the study of the Sunday School lesson was continued with good interest and attendance.

MEDICAL CLASSES.

The elementary medical classes established at the beginning of the session have been carried on with much success. Dr. E. F. Bowie gave instruction in chemistry, Dr. G. D. Porter in physiology, and Dr. T. B. Macdonald in materia medica and therapeutics. During the second term of the session, Dr. W. H. Howitt conducted a class in the study of tropical diseases. These medical courses have been attended by from sixteen to twenty students, who have greatly appreciated the opportunity afforded them, and to whom these studies will be a great help in their service of Christ in the coming days. To the medical gentlemen who have conducted these classes without remuneration, and with great ability, fidelity and zeal, the best thanks of the School are due.

ENGLISH CLASSES.

The classes in English have again been conducted by Miss Alice R. Hitchon, who has given instruction in Grammar, Dictation, Composition, and Literature. Her work has been well done, and her influence with the students has been most beneficial. These English classes will need to be continued, as several of those who enter the School have not enjoyed the best educational advantages. In the re-arrangement of work contemplated for the coming term, provision will be made for the efficient maintenance of these important studies.

EXAMINATIONS.

As in previous years written examinations have been held during the session

on the courses of study provided for the Day and Evening Classes. With only two or three exceptions, all the students who wrote on these examinations passed very creditably. The minimum standard is 50% on each paper, but nearly one half obtained 75%, and fully one fourth obtained 90% or over on most of their subjects. The members of the Evening Classes have tried these examinations in larger numbers this session than last, but the instructors are anxious that many more should submit to this test. In the December examination Mr. Hyde prepared a paper on his special course of lectures, and has since reported the result as follows:—

"I have gone through the examination papers on the subject of the Holy Spirit which I presented to the students, and I am greatly pleased with the clear and full apprehension of the subject as manifested therein. With one or two exceptions the papers are of a very high order."

Rev. A. B. Winchester also set a paper on his course of lectures, and has written as follows in regard to the result:—

"Several of the papers are remarkably good, especially the first three, and the general average is very creditable. All the students seem to have a good grip of the great evangelical doctrines."

STUDENT VOLUNTEERS.

There has been a decided increase in interest and numbers in the mission study class. Miss Hitchon has again taken the lead, and the class has used as a text book, "An Introduction to the Study of Foreign Missions." Essays have also been presented at each meeting on the lives of distinguished foreign missionaries. A Thursday morning missionary prayer-meeting has also been sustained with hearty interest. The average attendance at both the class and the prayer-meeting has been eighteen. The great Student Volunteer Convention recently held in this city gave a wonderful impulse to the missionary spirit of the School.

THE DEVOTIONAL SERVICE.

The Tuesday morning devotional hour is still a marked feature of our work, and a means of blessing to many. It has been graciously owned of God in the cul-

tivation of the spiritual life, and not a few answers to prayer have been thankfully acknowledged. The students have again taken their turn with the instructors in leading the service. We have the assurance that many of the former students, both in this country and in far-distant lands, unite their prayers with ours each week as the day comes around. The influence of the devotional hour in promoting the spiritual life of the students can hardly be over-estimated.

PRACTICAL WORK.

The students continue to be engaged in active Christian work during the session. Each one is expected to take part in Sunday School, Young Peoples and Mission work, and in conducting mission hall and evangelistic services. In most of the interdenominational missions of the city, and in several missions connected with individual churches, our students are usefully employed. Several of the young ladies have also been rendering Christ-like service in visiting and nursing the sick, and in house to house visitation among the poor and suffering. These varied labors have proved a valuable training for future usefulness, and there can be no doubt that blessed results have followed from them in souls won for Christ.

SOME NOTEWORTHY RESULTS.

It is surely matter of great encouragement and thanksgiving to report that from the beginning of the School up to the close of this eighth session exactly fifty of those who have attended our classes have given themselves to foreign missionary service. They have gone forth to bear the glad tidings to each one of the five great continents under the auspices of ten different missionary societies. So far as known, they are all preaching the gospel in the regions beyond, with the exception of two who have returned home, and four who now rest from their labors, two of these having lost their lives in the dreadful massacres in China. In still larger numbers our students have gone forth to definite fields of labor in Canada and the United States. They are engaged as pastors, evangelists, catechists, Bible women, and in many other

spheres of Christian service in connection with all the evangelical denominations. Year by year the far reaching influence and vast importance of the School become increasingly apparent.

CONCLUDING REMARKS.

During the year the Board of Incorporation lost by death one of its most faithful and useful members, Mr. Alexander Sampson, to whose Christian character and services, it bore grateful testimony in an appropriate resolution. A member of the General Council, Mr. W. E. H. Massey, who filled a large place in the community, and was specially interested in the study of God's Word, has also been called away in the midst of his years and usefulness. Surely these sad losses are a reminder to every one of us to be faithful while the day lasts.

It is very pleasing to report that in all the meetings of the Board of Incorporation, and in all the relations of the students with each other and with their instruc-

tors, the utmost harmony has prevailed. Twelve different denominations of Christians have been represented in the School, and yet all have been "one in Christ Jesus," and in their earnest desire to know "the mind of the Spirit," as revealed in the blessed book. Assuredly there can be no grander work than that of training consecrated young men and women in a knowledge of the Word of God, so that they may be "thoroughly furnished" for Christian service. In the addition of another laborer to our staff, and in the desire which other Christian agencies have manifested to have their workers receive Bible training in our classes, there lie new openings of usefulness before the School. To Him who has graciously guided and blessed us in the past we must still look for direction and help in the future. Whatever we need of men or means He can abundantly bestow. So to Him we again commend our beloved School, with the earnest prayer that yet richer results may be accomplished by it in the days that are to come.

Doctrinal Basis of the School.

Our New Instructor.

It has been felt for some time past by friends of the School, that an addition should be made to our staff of Instructors, as soon as a suitable man could be secured. In a providential way the attention of the President and others was turned to Rev. John McNicol, B.D., Ottawa, who is believed to possess excellent qualifications for the work of Bible instruction. He was appointed to the staff at a recent meeting of the Board of Incorporation, and will enter on his duties at the opening of the new session in September. Mr. McNicol is a graduate of Toronto University and Knox College. He comes to us with the highest commendation of prominent ministers, and others who have known of his work and worth. In conducting courses of Bible study, as Secretary of the University Y.M.C.A., and in city mission and pastoral work, he has been much blessed. One of our friends who knows him well, wrote to Dr. Harris just before his appointment that so far as he knew "there is none other in sight who is so likely to bring ability and spiritual force to the service, as well as an attractive personality." It is confidently expected that Mr. McNicol's appointment will add materially to the efficiency of the School.

An Appreciative Testimony.

One of our former graduates, in remitting his subscription to the School, wrote recently to Dr. Harris as follows:

I am always glad to hear of the prosperity of the School, and am very much pleased to see that there is an increase in attendance, as well as of interest in the

work by others who cannot attend. I shall never forget those days when it was my happy privilege to attend the sessions of the School, and sit at the feet of those who felt such a deep interest in trying to help us to know the Word of God, and thus fit us for the Lord's service; so that our lives should not be barren in winning men and women for Jesus.

Some of the happiest and best spent hours of my life I passed in the Bible Training School. You will not wonder that it is loved by me, and also that it is an almost daily subject of prayer. May God bless and prosper it in every department; and may He help all its officers and teachers, is the prayer of my heart.

Notes.

THE Ninth Session of the Bible Training School will open, D.V., on Tuesday, September 16th, 1902, at 10 a. m.

ALL students, especially those who are entering the School for the first time, should be on hand at the beginning of the session.

SEVERAL members of our last class have already gone to fields of labor, where we trust the Lord will make them very useful in His service.

MR. J. W. SALTON and Mr. George A. Paull have taken charge of home mission fields the former at Kingsey Falls, Que., and the later at Lisle, Ont.

MISS M. E. FUNK, who has been engaged as missionary and district visitor in this city, was set apart as a deaconess at the recent conference of the Evangelical Association.

It is expected that the new Catalogue and Announcement of the School will be published in June, giving full particulars about Instructors, Lecturers and Courses of study for next session. Copies may be obtained on application to Miss A. Burns, the Assistant Secretary, or to any officer of the School.

MISS BESSIE ROSS, who took the full course of study in our Evening Classes, has offered her services to the South America Evangelical Mission, and Mr. W. D. Spinks, who has been laboring successfully in one of the Christian Workers Missions in this city, expects to join the Africa Industrial Mission.

REV. DR. MACKAY, Foreign Mission Secretary of the Presbyterian Church, and Rev. Fred. E. Howitt, of St. George's Episcopal Church, Hamilton, have again kindly consented to be visiting Lecturers for next session.

THE Africa Industrial Mission, with which our former students, Albert F. Taylor and Chas. E. Robinson, are laboring, has secured a very suitable location in Nigeria. Miss Jessie Brechin is likely to join the Mission.

MR. HENRY HELLYER, whose mother-tongue is Russian, has gone to labor as colporteur of the Bible Society among the Doukhobors of the Northwest; and Mr. J. K. McCormick will act as colporteur of the Tract Society in the County of Bruce.

MR. GEORGE ROBERTSON, a member of our first graduating class, is now preaching in Hartford, Ont., and Mr. E. Halliwell, a member of our last class, has gone to be "stated supply" of the Baptist churches of Houghton and Cultus. Mr. W. N. Scott of the class of '01 has become pastor in Lobo.

ISRAEL DASS, a converted Telugu from Rangoon, Burmah, has just arrived in this country to take a course of study at the Training School. He desires to be fitted for becoming a teacher of a Bible School among his own people. A little later he will likely be joined by one or two Tamils, who will also become students with us. These native Christians are sent to us by an esteemed missionary in Rangoon.
